# JEEVAN SETU – COMPLETE FEATURE LIST (1–100)

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 1 | Real-Time Vital Monitoring | Doctor, Nurse | Live vitals on dashboard | Faster response | Live ICU view |
| 2 | Vital Trend Graphs | Doctor | Graphs over time | Early detection | Visual analytics |
| 3 | ICU Bed Availability Tracker | Admin | Shows bed availability | Better resource use | Smart ICU |
| 4 | Automated Risk Indicator | Doctor | Classifies condition | Faster decisions | Color coding |
| 5 | Alert Notification System | Doctor, Nurse | Alerts for abnormal vitals | Prevents delay | Real-time alerts |
| 6 | Alert History Log | Doctor | Stores past alerts | Analyze instability | Alert analytics |
| 7 | Patient Medical History | Doctor | Past treatments | Better care | Integrated profile |
| 8 | Vital Parameter History | Doctor | Timeline of vitals | Track recovery | Vital timeline |
| 9 | Transfer Decision Explanation | Doctor | Explains decision | Builds trust | Explainable system |
| 10 | Multi-User Role Management | Admin | Role-based access | Secure workflow | Role UI |
| 11 | Patient Search | Doctor, Nurse | Search by ID/ name | Saves time | Instant lookup |
| 12 | ICU Performance Analytics | Admin | ICU statistics | Better planning | Analytics dashboard |
| 13 | Risk Level Visualization | Doctor | Color indicators | Quick evaluation | Visual risk |
| 14 | Patient Transfer Tracking | Doctor | Tracks transfers | Better flow | Transfer log |
| 15 | Daily ICU Report | Admin | Auto ICU report | Management support | Auto reports |
| 16 | Patient Admission Log | Nurse | Admission records | Accurate records | Admission history |

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 17 | Data Validation | Nurse | Validates input | Reliable data | Smart validation |
| 18 | Simulated Device Integration | Admin | Simulates monitors | Testing | IoT simulation |
| 19 | Secure Authentication | All | Login system | Data protection | Secure login |
| 20 | Role-Based Access | Admin | Restricts features | Prevents misuse | Permissions |
| 21 | Condition Trend Indicator | Doctor | Detects worsening | Early warning | Predictive |
| 22 | System Activity Logs | Admin | Logs actions | Accountability | Audit trail |
| 23 | Emergency Alert Mode | Doctor | Critical alerts | Fast response | Emergency mode |
| 24 | Threshold Configuration | Admin | Change thresholds | Flexible system | Custom rules |
| 25 | Data Export | Doctor | Export PDF/CSV | Documentation | Download reports |
| 26 | Dashboard Filtering | Doctor | Filter patients | Easy monitoring | Smart dashboard |
| 27 | Alert Sound | Doctor, Nurse | Sound alerts | Awareness | Alarm |
| 28 | Patient Timeline | Doctor | Chronological events | Better understanding | Timeline |
| 29 | Auto Data Backup | Admin | Backup database | Prevent loss | Secure storage |
| 30 | Mobile Dashboard | Doctor | Mobile interface | Accessibility | Portable ICU |
| 31 | Bidirectional Transfer Decision | Doctor | ICU ↔ HDU decisions | Better safety | Two-way system |
| 32 | Multi-State Decision Engine | Doctor | Three-state output | Reduce errors | Smart logic |
| 33 | Explainable AI Engine | Doctor | Reasoning system | Trust | Transparent AI |
| 34 | AI Chatbot | Doctor | Q&A assistant | Saves time | Interactive |
| 35 | Auto Report Generator | Doctor, Admin | Generates reports | Less manual work | Auto docs |

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 36 | Attendant Dashboard | Attendant | View patient status | Better communication | Caregiver UI |
| 37 | Simplified Status View | Attendant | Simple status display | Less confusion | Easy UI |
| 38 | Real-Time Decision Update | Doctor | Instant updates | Fast action | Live decisions |
| 39 | Sequential Monitoring | Doctor | Tracks over time | Better diagnosis | Time analysis |
| 40 | Decision Trend Analysis | Doctor | Trend view | Prevent issues | Predictive |
| 41 | Re-evaluation Trigger | Doctor | Flags borderline cases | Safety | Smart recheck |
| 42 | Parameter Influence Ranking | Doctor | Shows parameter impact | Clarity | Priority insight |
| 43 | Transfer History Log | Doctor | Tracks both directions | Tracking | Lifecycle view |
| 44 | Alert Prioritization | Doctor | Ranks alerts | Better response | Smart alerts |
| 45 | Decision Support Panel | Doctor | Decision + reason | Quick decisions | Unified UI |
| 46 | Report Sharing | Doctor | Share reports | Collaboration | Shareable |
| 47 | Chatbot Explanation Mode | Doctor | Explains decisions | Clarity | Conversational AI |
| 48 | Data Normalization | System | Standardizes data | Accuracy | Clean processing |
| 49 | Feedback Loop System | System | Continuous update | Adaptive | Self-improving |
| 50 | ICU Resource Optimization | Admin | Optimizes beds | Reduce overload | Smart hospital |
| 51 | Attendant Login & Secure Access | Attendant | Dedicated caregiver login | Privacy | Separate module |
| 52 | Simplified Patient Dashboard | Attendant | Simple status view | Clarity | Non-medical UI |
| 53 | Color Health Indicator | Attendant | Green/yellow/red display | Easy understanding | Visual UI |

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 54 | Real-Time Updates | Attendant | Live condition updates | Transparency | Live tracking |
| 55 | Transfer Decision View | Attendant | Shows ICU ↔ HDU decision | Trust | Clear decision |
| 56 | Simplified Explanation | Attendant | Explains condition simply | Understanding | Human-friendly AI |
| 57 | Attendant Alerts | Attendant | Condition change alerts | Awareness | Instant updates |
| 58 | Patient Timeline Simple | Attendant | Simple event timeline | Clarity | Visual flow |
| 59 | Attendant Chatbot | Attendant | Ask simple queries | Ease of use | Conversational UI |
| 60 | Daily Summary | Attendant | Auto daily report | Stay informed | Daily update |
| 61 | Permission Control | Attendant | Restricted access | Security | Smart control |
| 62 | Notification History | Attendant | Stores alerts | Tracking | History log |
| 63 | Multi-Patient Access | Attendant | Family access | Flexibility | Multi-view |
| 64 | Mobile Dashboard | Attendant | Mobile optimized UI | Accessibility | Portable |
| 65 | Emergency Alert Visibility | Attendant | Highlights critical alerts | Safety | Priority alerts |
| 66 | QR Code Patient Access | Attendant | Unique QR per patient | Easy access | Instant QR Access |
| 67 | QR Token Security | System | Secure token authentication | Privacy | Secure QR Access |
| 68 | QR-Based Attendant Dashboard | Attendant | Opens patient dashboard after scan | Better communication | One-Scan Access |
| 69 | Resource Utilization Dashboard | Admin | ICU/HDU utilization monitoring | Better planning | Live Utilization View |
| 70 | ICU Occupancy Analytics | Admin | ICU usage trends | Efficient management | Occupancy Analytics |
| 71 | HDU Occupancy Analytics | Admin | HDU utilization trends | Better allocation | Smart Capacity Tracking |

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 72 | Transfer Statistics Dashboard | Admin | ICU ↔ HDU statistics | Better decisions | Transfer Analytics |
| 73 | Bed Allocation Management | Admin | Manage patient-bed assignment | Resource optimization | Bed Tracking |
| 74 | Ward Management Module | Admin | ICU/HDU ward management | Organized operations | Centralized Control |
| 75 | Real-Time Resource Monitoring | Admin | Live occupancy monitoring | Faster planning | Live Monitoring |
| 76 | Transfer Approval Workflow | Doctor | Structured approval process | Better safety | Digital Approval |
| 77 | Transfer Rejection Workflow | Doctor | Record rejection reasons | Accountability | Decision Audit |
| 78 | Transfer Decision Audit Trail | Admin | Tracks all transfer decisions | Transparency | Full Traceability |
| 79 | Transfer Outcome Tracking | Doctor | Monitor post-transfer outcomes | Better evaluation | Outcome Analysis |
| 80 | Bed Availability Predictor | Admin | Predict future bed availability | Planning | Predictive Utilization |
| 81 | Patient QR Report Access | Attendant | Access reports via QR dashboard | Transparency | Instant Reports |
| 82 | Transfer Status Timeline | Attendant | ICU ↔ HDU movement history | Understanding | Timeline View |
| 83 | Patient Summary Dashboard | Attendant | Simplified patient overview | Better communication | Summary Screen |
| 84 | Real-Time Notification Center | All | Centralized notifications | Faster communication | Unified Alerts |
| 85 | Notification Read Tracking | All | Tracks viewed notifications | Workflow efficiency | Alert Management |

| Sl No | Feature Name | User Type | Description | Societal Impact | WOW Factor |
|---|---|---|---|---|---|
| 86 | Notification Priority Levels | All | Critical/Warning/ Info alerts | Prioritization | Smart Notifications |
| 87 | Audit Log Viewer | Admin | View system logs | Accountability | Activity Monitoring |
| 88 | User Activity Tracking | Admin | Monitor user actions | Security | User Analytics |
| 89 | Report Repository | Admin | Centralized report storage | Easy retrieval | Digital Archive |
| 90 | Automated Transfer Reports | Doctor | Generates transfer reports | Documentation | Auto Reporting |
| 91 | Resource Utilization Reports | Admin | ICU/HDU usage reports | Insights | Utilization Reports |
| 92 | Patient Status History | Doctor | Historical status tracking | Better analysis | Status Timeline |
| 93 | QR Access Expiry Control | Admin | QR validity control | Security | Time-Limited Access |
| 94 | Multiple Attendant Access | Attendant | Multiple family access | Flexibility | Shared Access |
| 95 | Attendant Permission Management | Admin | Manage attendant permissions | Privacy | Granular Access |
| 96 | Critical Patient Escalation Alerts | Doctor, Nurse | Escalation alerts | Faster intervention | Escalation Engine |
| 97 | EWS Trend Forecasting | Doctor | Forecast patient risk | Early intervention | Predictive Insights |
| 98 | Patient Transfer Readiness Score | Doctor | Transfer readiness indicator | Better decisions | Transfer Index |
| 99 | Centralized Dashboard Analytics | Admin | Combined operational analytics | Better management | Executive Dashboard |
| 100 | Hospital Performance Dashboard | Admin | Overall hospital KPIs | Strategic planning | Smart Administration |
